

**SMALL RANGE**  
6.26

## TELESCOPIC HANDLERS **AGRICULTURAL LINE**

### Small Range

**Available configurations: CLASSIC & AGRITOP**  
**Maximum lifting capacity 2.6t**  
**Maximum height 5.9m**

The Small Range 6.26 telescopic handler is the most versatile model when you're in situations with little room to move or the job site has limited physical space. The 6.26 is just 1.93m in height and with a very narrow width of 2.0m it's the ideal little big machine. And the Yanmar 70 HP engine guarantees all the power you will need for all of your handling operations.
